## "QUEEN CITY OF THE BITUMINOUS"

Jerome's first House of Learning and the Playground. In the early 1900's, Jerome built its first school house. This was the beginning of Jerome's education.

As we, the members of the class of 1975, see twelve years of schooling pass quickly in front of us, we think of many memories, and why we are glad to live in Conemaugh Township. We see our families, friends, and teachers, but most of all our parents, to whom we dedicate our yearbook as a token of appreciation. In dedicating this to our parents, we decided to add a little to show how much we do care about them.

This year we decided to do something different with our yearbook. We have tried to make it more personal and interesting to people of all ages. We want to bring back memories to our parents and grandparents while making new ones for ourselves. As one looks through our book, many changes can be noticed. One of these changes is the pictures we've added from former yearbooks and ones we got from friends. We want to extend our thanks to all who have helped us. These pictures may remind you of "your" days here, and in doing this, we can help share "our" days with you.

The booming city of Jerome wasn't satisfied with their first school house, so they built a second one which was bigger and

The Queen City of the Bituminous itself! Jerome started out as a mining town in 1904, and continued to grow to its present status.

The Big Band Era in Jerome? Yes, even then, Jerome, Pennsylvania, had its own Citizen's Band!

Conemaugh, a small Indian village, was located on the present site of Johnstown. The word itself is said to mean "long fishing place." In 1801 the February Sessions created Conemaugh Township. At that time the township was very large, including much of Northern Somerset County and the southern part of Cambria County. There were ninety taxables living in the township when it was formed in 1810. There were 53 cabins and 15 houses with about 300 inhabitants. Joseph Johns, the founder of Johnstown, is buried in the family plot on a farm near Davidsville. Among the early settlers are found the names of Buck, Blough, Hershberger, Croyle, Miller, and Thomas. They were mostly of German origin. included were Lutherans, Evangelicals, United Brethren, and the plain people-German Baptist Brethren (Dunkards), Mennonites, and Amish. "Pennsylvania Dutch" was the community dialect. Around 1800 Isaac Kaufman owned 1600 acres of land around Davidsville. His estate was valued at a quarter million dollars.

"The reason I like living in Conemaugh Township is the High School. Right now my education is very important to me and CTAHS is helping me become the type of person I wish to be, I've become involved athletically as well as scholastically at CTAHS and this has added to my learning. From my friends and the people of Conemaugh Township, I've been given many values I will always remember. Athletic events, parades, the wooded areas, new things to discover, always able to find something to do, and of course, the people are just a few of the reasons I enjoy living in Conemaugh Township and attending CTAHS. Every leaf that falls, every word spoken will live on as a memory. As I leave the area upon graduating, I know I will return some day with many fond memories of how I had grown in this area. I know, when I do return, CT will still be the same friendly and beautiful township that I so fondly know now. I know if the people can't find a way, they'll make one." Cindy Sambor

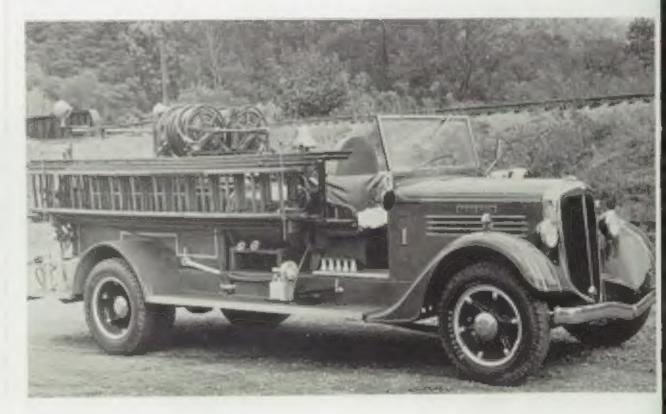

"I like Conemaugh Township because . . ." ". . . Some of the best memories I have started at CTAHS. I will never forget all the great people I met there and all the pride the kids from CT have." Lynn Harshberger

FROM TOP TO BOTTOM: (1) Could it be the Injun Engine #17 This train sits on an old abandoned railroad track in Hollsopple. (2) Even back then the students tried to brownie up teachers! (3) Does this remind you of the bomb threats? This old fire truck may have come to the rescue of students in 1935, but since then, the Hollsopple Fire Department has acquired newer and more efficient trucks.

No, it is the covered bridge located on the Somerset Pike.

Welcome to the Harmony of the school well not all of it but most of it it may not be the greatest harmony, but we try and we try hard. In this modern age we live in, not many students want to sing religious music. I think the choir can be very proud of its concerts and the Seniors can be very proud, for it is their last year Many memories will be kept on our minds.

Why, who could forget the swaying Christmas tree, singing the same verse 3 times at a concert or passing strange objects during a concert. The members make the choir, but Mrs. Kemp keeps it together and going. She deserves a lot of credit too. To this year's choir I say you're the greatest choir, and I am very proud to be a part of it all.—The President

The officers of the 1974-75 CTAHS Choir are (L-R) Gail Sleek and Cheryl Hostetler, Librarians, Kay Miller, Secretary-Treasurer, Mike Stevens, President; and Tony Rullo, Vice President

The band officers for 1974-75 are (L.R.) Mike Stevens, Vice-President, Gail Sleek, Secretary-Treasurer: and Neal Mishler President

The band has participated in various activities this year. During half-time of football games, the band performed a variety of routines. Many long hours of practice were put into these routines during summer vacation, band camp, seventh periods, and Thursday evenings before the games. The band also performed in two Halloween parades at Johnstown and Windber. They were costumed as Spaniards and marched to the tune of "Macarena." Other parades in which the band participated were the UPJ Homecoming Parade, the Johnstown Christmas Parade, and the Davidsville Christmas Parade. The County Band festival is another annual event in which the band took part, it was held at Forbes.

A new look was added to the band. Flag carriers added a new attraction to the halftime shows and to the overall appearance of the band.

Now we know who's been sabotaging the choir robes. The 10th Grade Trio!

Meet our fearless editors!

#### **IACH**

This year, the CONNUMACH has taken on a new appearance with the hope that the students would like to see a change. With the help of our advisors, Miss Will and Miss Tighe, and our company representative, Mr. John Mitchell, we decided to bring our book alive with the township and its wonderful memories."What do you like about Conemaugh Township?" and "The greatest thing about CT is . . . I" were the two more frequent questions asked by our yearbook staff. With responses from students, teachers administration, alumni, and friends, we soon realized the true greatness of CT. Maybe that's why the class of 1975 devoted the many long hours to make this yearbook great. Our goal was to keep the CT tradition of greatness alive, and with everyone's help and with the hundreds of hours of work from the staff, the CONNUMACH has proven itself to be great (once again) Each staff organized days for picture taking, then came the arranging of the pictures on each page, the copy had to be written and typed, and last, everything was proofread over and over again. These things were done by the CONNUMACH staff, but there were also those people who "volunteered" from studies to help us, and the yearbook company who had to decipher all our scribbles and Instructions. But if you'd ask anyone on the staff, they'd probably tell you it was worth it—just look how great the 1975 CONNUMACHISE

"Hey Vic! I'll trade you a Bobby Vinton picture for a Robert Redford picture, OK?" Our Classes Staff is responsible for the individual photographs. They are Annette Pero; Sheila Black, Sharon Kuzma, Editor; Kathleen Kissell, Vicki Maldet, Rita Marisa, and Lori Thomas

As said, this year we planned to make our yearbook different. A more personal touch and the community were added to bring our book to life. When glancing back over the pages, all can find fond memories of ours and our parents. Even our grandparents are reliving moments they thought no longer existed. In doing this, we proved why Conemaugh Township is so special to both our parents and ourselves, and what is so good about living in Conemaugh Township.

In closing, I would like to extend a heartfelt thanks to all who have helped us make this yearbook a great success: to Miss Will and Miss Tighe for all their effort and extra hours, especially Miss Will who put up with us and felt all our pain and agony as deadlines drew near; to Mr. John Mitchell who was more than just a yearbook company representative; to the staff who put in a lot of hard work; and to our parents who have helped us make it through twelve 'errific years of school. —the Editor.

#### **ACKNOWLEDGMENTS**

We would like to thank these people for lending to us and taking pictures for our yearbook

Mrs. Aleda Shumaker Mrs. Verna Miller Miss Elizabeth J. Will Mr. William Armagost Johnstown Tribune-Democrat Cover Studios School Pictures, Inc.

#### CONGRATULATIONS!

The Senior Class of 1975 would like to extend their congratulations to the following:

Mrs. Mary Clark in receiving her Master's Degree from Indiana University of Pennsylvania.

Mr. David Pristas on his marriage to Alana Roberts on July 5, 1975

As I conclude my work related to this 1975 CONNUMACH, I recall the many people with whom I have worked over the past twenty years. From my first business manager, Pat Saylor in 1956, and my first co-editors, Bill Tillman and Telford Thomas in 1962, to Kay Miller and the present staff, I have been fortunate to have loyal, dedicated workers. Their creativity and cooperation have made my tasks so much easier; to all of them I want to say a hearty "Thank you."

Also, to administrators, fellow faculty members, and office personnel, whose patience and help have been invaluable in so many ways, may I express appreciation. It has been a pleasure to have their gracious acceptance of the interruptions created by picture-taking and meeting last-minute deadlines

Finally, to Josten's-American and Mr. John Mitchell, our publishers, and to Cover Studio and Mr. Thomas Roles of Schoo Pictures, Inc., our photographers, my personal thanks must be added to those of the '75 staff Their fine services and production work mean so much to the success of each edition of the CONNUMACH

May the advisors, editors, and staffs of CTAHS yearbooks still to be produced have the same help and consideration that I have received and may the CONNUMACH always provide memores for all
